

Le Joli Moulin

Review by [Ellen Jakobsmeier](#)

T

he new Outremont outpost of the former Sherbrooke East resto served the same delicious steak and fruits de mer cuisine as it has done since 1971. Owners John and Anna will unleash their meaty roast beef specialty on the local crowd that wants a

hearty dinner for the family without the pretension that can often come with a bistro. During the summer months, take advantage of the spectacular terrace for dining al fresco.
